

Portrait Contract & Release

To secure your appointment, this contract must be signed and sent with your session fee.

I understand that the original file images from my session are property of Leslie Browne Photography.

I understand the only digital files to be archived for two (2) years by Leslie Browne Photography are those images purchased. Images not purchased will be deleted after your order session. Should you wish to defer purchasing other images, all proofs will be archived for 90 days for \$100. If you order within 90 days, the \$100 will be applied towards your purchase. Should you not purchase within 90 days, the \$100 will be forfeited as an archive fee.

I understand that the session fee is for time and materials used during your session and preparation of proofs. It does not cover the cost of the finished portraits, unless otherwise indicated such as a Special which has a predetermined set of prints and poses.

I understand that the finished portraits are protected by U.S. copyright laws and may not be copied or reproduced.

I understand the normal processing time for the final order is approximately 4-6 weeks. I understand that I will be notified by e-mail upon completion of my order and orders must be picked up at the studio of Leslie Browne Photography.

I understand Leslie Browne Photography cannot take wrinkles out of clothes, remove hairs from the face or background, remove braces from teeth, lighten or darken the background without lightening or darkening the entire photograph, reduce sunburn, hair stubble, remove logo from clothes, remove glare from glasses, or digitally sculpt a body unless an additional fee is added.

I understand hair and hair styling is my responsibility.

I understand the policies and procedures set forth by Leslie Browne Photography in this catalog.

I understand that if I do not make a selection for the prepaid First Communion package by the stated order deadline or within two weeks of my session, an image will be selected for me.

The undersigned hereby acknowledges that he/she has obtained the permission of every individual whose likeness appears in any individual or group photographs and has the authority to grant Leslie Browne Photography written permission to use photographs from this session in display, website, Facebook, Instagram, competitions, exhibitions, competitions, or advertising.
